TO ALL PATIENT'S WITH INSURANCE COVERAGE

PLEASE READ AND SIGN

If you have insurance coverage, it is your responsibility to know the policy and guidelines of that company. What this means is:

- you are responsible to know your deductible
- you are to know your co-pay
- understand the type of coverage
- know if you need an authorization to be seen at this office

If we are your primary care physician, most companies require you to be authorized before seeing any other doctor. This is why it is important that you notify us before doing so.

With so many different insurance policies around it is virtually impossible for this office to know the details of every insurance policy. We will try and help you as much as possible...

- should your insurance deny your bill, you will be held liable for any charges

IMPORTANT!

- If you have an HMO, EPO, or Managed Care plan you must have an authorization to be seen
- If we don't have an authorization, you will not be seen by the doctor

We will be happy to answer any questions, or assist you in any way.

Thank you,

Raman Patel, M.D.
